

Double Bar Graphs

The double bar graph below illustrates the number of takeouts sold at two branches of Bob's Bistro. Interpret the graph and answer the questions.

- 1) How many more takeouts were sold at Route 202 than Bethlehem Pike on Sunday?

- 2) Find the total number of takeouts sold at both branches on Saturday.

- 3) How many more orders were received by the Bethlehem Pike branch than the Route 202 branch on Friday and Saturday combined?

- 4) On which day did the Bethlehem Pike branch sell fewer orders than the Route 202 branch?

- 5) On Thursday, the branch on Route 202 sold 10 more orders than the branch on Bethlehem Pike.

True

False
