

# Months of the Year

Match the months of the year with their corresponding ordinal numbers.

The image shows two signposts. The left signpost has a yellow lamp at the top and a horizontal bar with an arrow pointing right. Below the bar are 12 yellow arrow-shaped signs, each hanging from a chain. The signs contain the following months from top to bottom: March, May, July, January, October, February, April, November, December, June, August, and September. The right signpost has a yellow lamp at the top and a horizontal bar with an arrow pointing left. Below the bar are 12 yellow rectangular signs, each hanging from a chain. The signs contain the following ordinal numbers from top to bottom: First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, and Twelfth.

Month	Ordinal Number
March	First
May	Second
July	Third
January	Fourth
October	Fifth
February	Sixth
April	Seventh
November	Eighth
December	Ninth
June	Tenth
August	Eleventh
September	Twelfth
