

# Making Ten

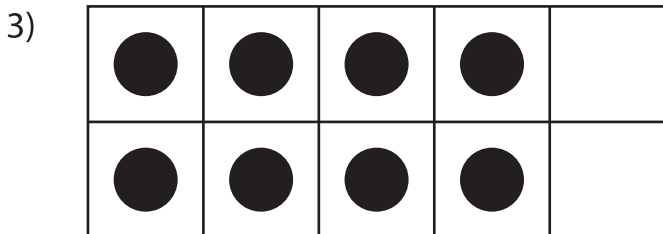

Write how many more counters are required to make 10 and complete the addition equation.

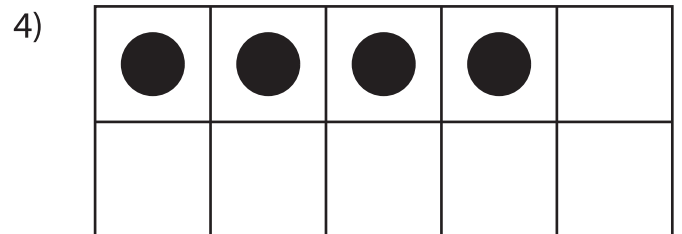

$$1 + \square = 10$$

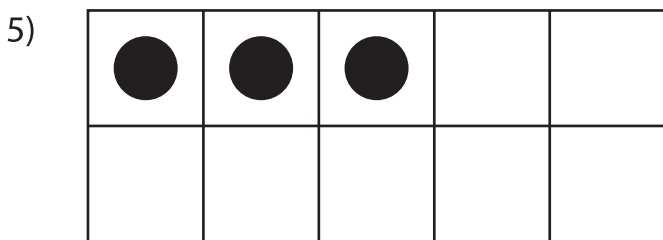

$$2 + \square = 10$$

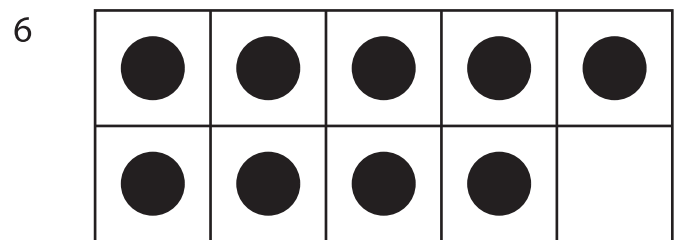

$$8 + \square = 10$$

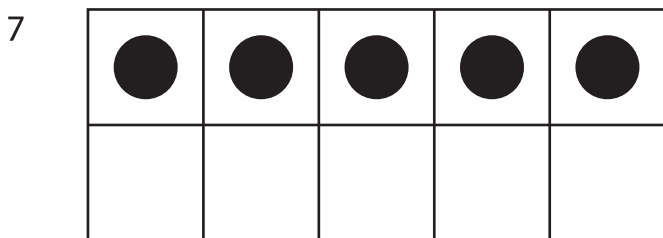

$$4 + \square = 10$$

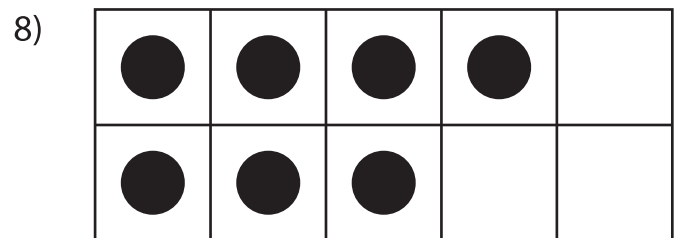

$$3 + \square = 10$$

$$9 + \square = 10$$

$$5 + \square = 10$$

$$7 + \square = 10$$
