

Active and Passive Voice

We can make two different passive sentences with verbs that can have two objects. This is because either of the two objects can be the subject of the passive voice.

Example: Mindy gave Jill a pencil.

A pencil was given to Jill by Mindy.

Jill was given a pencil by Mindy.

Change the sentences into passive voice.

- 1) I sent my grandma a gift.

- 2) Jason lent Graham five hundred dollars.

- 3) The teacher will tell us a story.

- 4) Leslie has given Sally a new bracelet.

- 5) My boss didn't send me the new report.
