

Contractions

A **negative contraction** is formed from a verb and the word "not".

Example: Henry watched the movie last night.

Henry didn't watch the movie last night.

Rewrite each sentence in negative form. Use a negative contraction in the new sentence.

1) Jenna wants to go ice-skating.

2) Amy will complete her project.

3) Little Laura is sleeping well.

4) The boys are good at singing.

5) Yvonne should have climbed the tree to rescue the cat.

6) Would you like to go skydiving?

7) The teacher wants all the school supplies by tomorrow.

8) Belinda could participate in the marathon.
