

Pie Graph | Favorite Animal

Ms. Reece surveyed the students in a school to find out their favorite animal. The pie graph below shows the results of the survey. Analyze the pie graph, and answer the questions.

- 1) What fraction of students chose lion as their favorite animal?

- 2) What percent of students like rabbit?

- 3) Which animal was the most popular?

- 4) What fraction of students voted for either elephant or deer as their favorite animal?

- 5) What percent of students chose an animal other than a deer?
