

Making Predictions

Read each scenario and choose the likeliest prediction.

- 1) Tommy promises to help rake leaves at Miss Gail's house. He rakes a huge pile near the gate. Tommy hears a loud bark. He sees a big dog running toward the pile. The dog leaps in the air. It is heading straight for the pile. What happens?
 - a) Tommy catches the dog.
 - b) The dog scatters the pile.
 - c) The pile blows away before the dog lands.
 - d) The dog jumps over the pile.

- 2) Daisy is cleaning her room. She finds an old toy under her bed. She stops cleaning her room so she can play with it. She looks at the clock. Mom will check on her in ten minutes, and she needs to get the room clean before that. What happens?
 - a) Daisy gets into trouble.
 - b) Daisy quickly finishes cleaning.
 - c) Daisy takes a nap.
 - d) Daisy hides.

- 3) Lenny is playing outside in the summer sun. He is sweating because it is hot. A Popsicle will help him cool down. Lenny picks a large blue Popsicle. He sits on the porch to eat it, but his friend Chris comes to play. Lenny sets down his Popsicle to check out Chris's new ball. What happens?
 - a) The Popsicle stays frozen.
 - b) Lenny forgets about the hot weather.
 - c) The Popsicle melts.
 - d) Chris's ball melts.

- 4) Rick, Sarah, and Sid are decorating the holiday tree. Rick wants to use baubles. Sarah wants to use candy canes. Sid wants to use snowmen. They cannot agree. What happens?
 - a) They don't decorate at all.
 - b) They choose one idea from a hat.
 - c) They let someone else choose.
 - d) They use a little of each.
