

Producers, Consumers, and Decomposers

Write "P" in the box if each picture is a producer, "C" if it is a consumer, and "D" if it is a decomposer.

The illustration shows a garden scene with a blue sky, green trees, and a wooden fence. In the foreground, there are several empty white boxes for classification. The organisms shown are:

- Two green trees (Producers) with boxes above them.
- A row of corn plants with yellow cobs (Producers) with a box above them.
- A red mushroom with white spots (Decomposer) with a box above it.
- A brown earth mound with a worm (Decomposer) with a box below it.
- Two patches of purple flowers (Producers) with boxes above them.
