contribution as a founding figure.

Known for his role in drafting the Declaration of Independence, the third president Thomas Jefferson was chosen to represent the growth of the United States as he purchased the Louisiana Territory, which doubled the size of the country.

Carved in Stone: Mount Rushmore

Positioned beside Jefferson is the 26th president Theodore Roosevelt. He was instrumental in negotiating the construction of the Panama Canal. His dedication to fairness and equal rights remains a lasting legacy. Borglum chose Roosevelt to represent the development of the United States.
