

Sequencing

The paragraphs in the story below are jumbled up. Sequence the story by writing the appropriate numbers to tell which paragraph comes first, which second, and so on.

After the cycle, Mom transferred the whites into the dryer. Next, Morgan loaded the colors into the machine. He

She measured out a cup of detergent and poured it in the compartment. She then set the temperature and type of wash.

After dinner, Mom asked Morgan to gather the dirty clothes. She then sorted them into whites and colors. She guided Morgan to load the drum with whites first.
