

Water Cycle

Look at the water cycle diagram and write the stage names in the blanks.

The diagram illustrates the water cycle with five numbered arrows: 1) evaporation from the ocean, 2) condensation into clouds, 3) precipitation as rain, 4) snowmelt and runoff, and 5) infiltration into the ground. A large red-bordered box in the center contains the text: 'Preview', 'Become a member to unlock unrestricted access to both printable and online worksheets.', and 'www.tutoringhour.com'.

1) _____

2) _____

3) _____

4) _____

5) _____

6) _____

7) _____

8) _____
