

Measuring Angles | 5° Increments

Answer Key

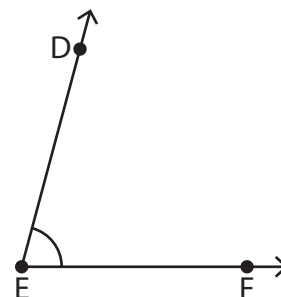

Measure each angle using a protractor.

1)

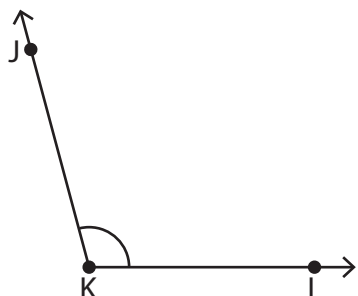

$$m\angle WXY = \underline{130^\circ}$$

2)

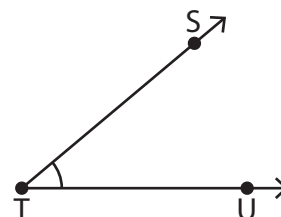

$$m\angle DEF = \underline{75^\circ}$$

3)

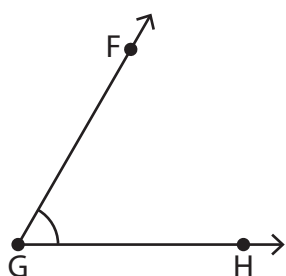

$$m\angle JKL = \underline{105^\circ}$$

4)

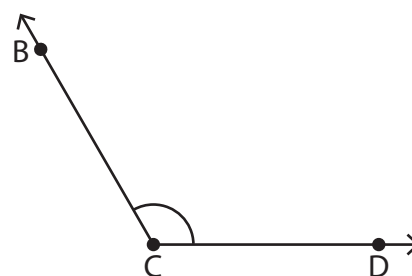

$$m\angle STU = \underline{40^\circ}$$

5)

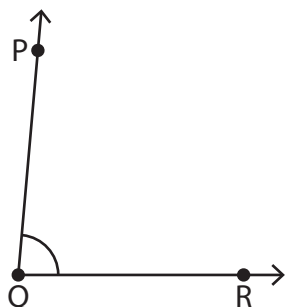

$$m\angle FGH = \underline{60^\circ}$$

6)

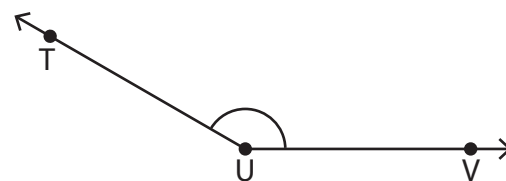

$$m\angle BCD = \underline{120^\circ}$$

7)

$$m\angle PQR = \underline{85^\circ}$$

8)

$$m\angle TUV = \underline{150^\circ}$$
