

## Reading and Interpreting Bar Graphs

Ms. Carter has been interviewing people for the post of her secretary. The bar graph shows the number of candidates she interviewed online this week. Read the graph and answer the questions that follow.

- 1) \_\_\_\_\_
- 2) How many people did Ms. Carter interview on Saturday and Sunday in all? \_\_\_\_\_
- 3) Name the day with the fewest candidates interviewed. \_\_\_\_\_
- 4) How many more candidates were interviewed on Thursday than Friday? \_\_\_\_\_
- 5) On which days was one more candidate interviewed than the previous day? \_\_\_\_\_
