

Reading and Interpreting Bar Graphs

Annie is a potter. The bar graph shows the number and types of objects from clay she made this week. Read the graph and answer the questions.

- 1) How many cups and mugs did Annie make in all? _____

- 2) How many more bowls did Annie make than jars? _____

- 3) Annie made a total of 7 of these two objects put together. What are these two objects? _____

- 4) Which were the fewest: vases or cups? _____
