

Equal Groups

Answer Key

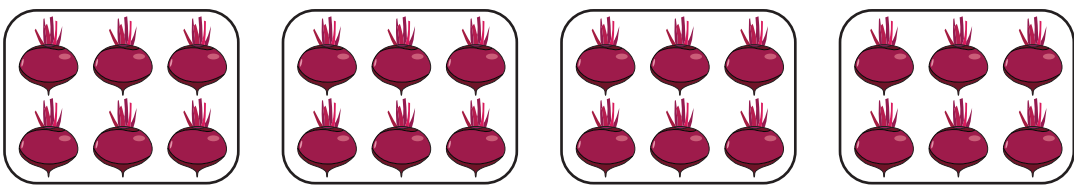

Write a division equation to describe each model.

1)

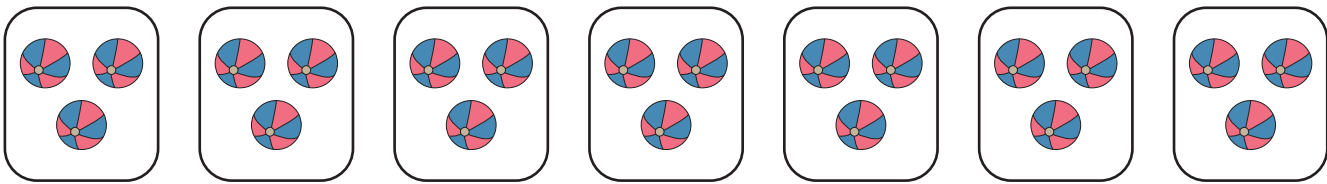

$$\underline{25} \div \underline{5} = \underline{5} \text{ groups}$$

2)

$$\underline{24} \div \underline{6} = \underline{4} \text{ groups}$$

3)

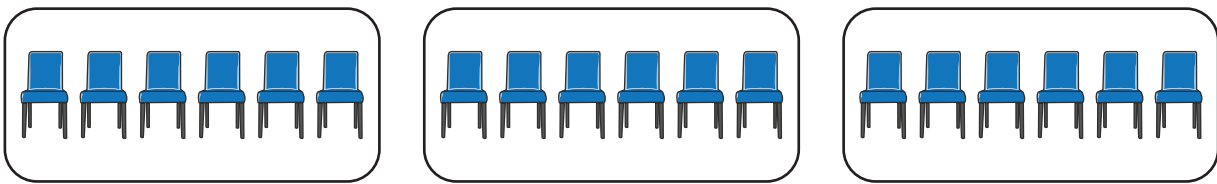

$$\underline{21} \div \underline{3} = \underline{7} \text{ groups}$$

4)

$$\underline{16} \div \underline{2} = \underline{8} \text{ groups}$$

5)

$$\underline{18} \div \underline{6} = \underline{3} \text{ groups}$$
