

Reading and Interpreting Line Plots

Answer Key

1) Ms. Kent conducts a survey among her students to find their favorite musical instrument. She made a line plot based on the data she collected. Read the line plot below, and answer the questions.

i) How many students like drums?

4 students

ii) Which is the most favorite musical instrument among the students?

Piano

iii) How many students took part in the survey?

17 students

2) Kevin and his friends went fishing on Sunday. The line plot below illustrates the number of fish caught by each of them. Read the line plot, and answer the following questions.

i) Who caught more fish than anybody else?

Alan

ii) How many fish did John catch?

4 fish

iii) Which two friends caught the same number of fish?

Tom and Steve
