

Main Idea

Write the main idea and three supporting details for the passage.

Vacation can be exciting, but it's not all fun and games. Planning plays a crucial role in ensuring a successful trip. First, choosing a destination with plenty to see and do. Next, selecting the right place to stay is key. Is the hotel clean, comfortable, and safe? Then, ensuring the trip is affordable. Other factors to consider include what and where to eat, how long to stay, and who will go.
