

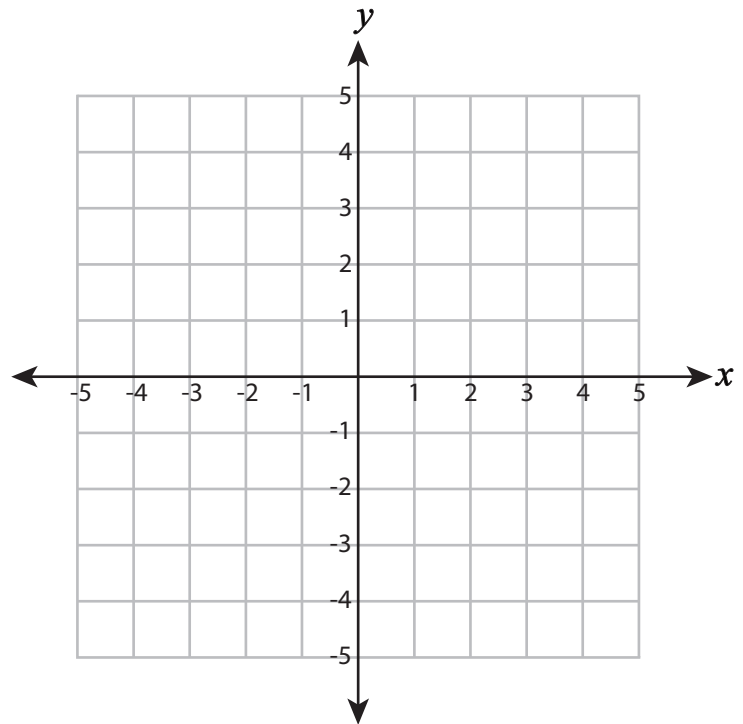

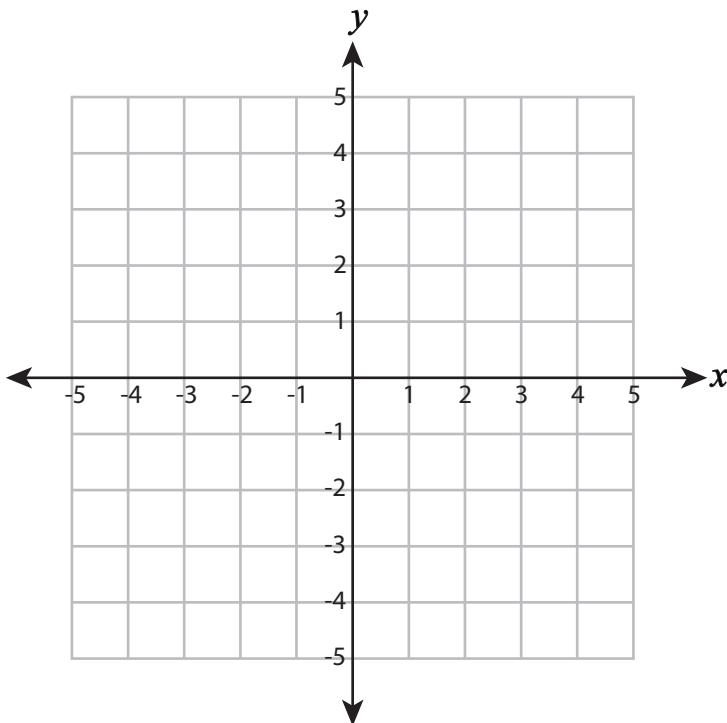

Graphing Points

A) Plot each point on the coordinate plane.

- | | |
|--------------|---------------|
| 1) L(4, 1) | 2) K(-2, -3) |
| 3) G(-1, -2) | 4) N(3, -2) |
| 5) M(2, -5) | 6) F(-1, 3) |
| 7) A(-5, 3) | 8) D(4, 5) |
| 9) C(3, 4) | 10) H(-5, -1) |

B) Draw each shape on the coordinate plane.

- 11) Draw a \square at $(-4, 0)$.
- 12) Draw a \triangle at $(3, 2)$.
- 13) Draw a \star at $(-2, -4)$.
- 14) Draw a \square at $(5, -2)$.
- 15) Draw a \bigcirc at $(-2, 2)$.
