

Reflection of Shapes

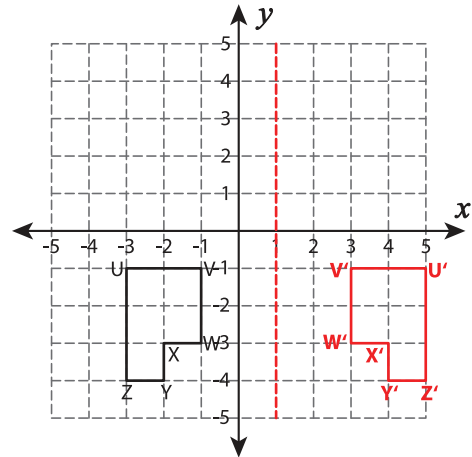

Answer Key

Graph each shape after reflecting it as directed.

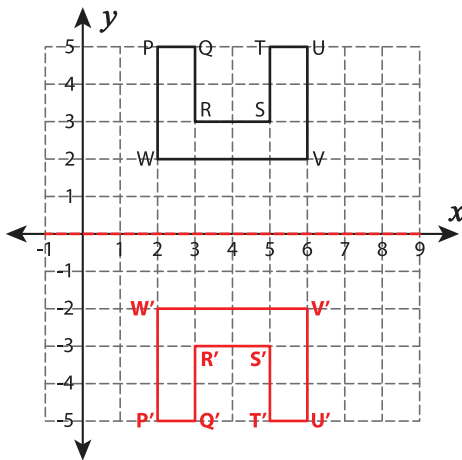

- 1) Reflection across the line $y = -2$

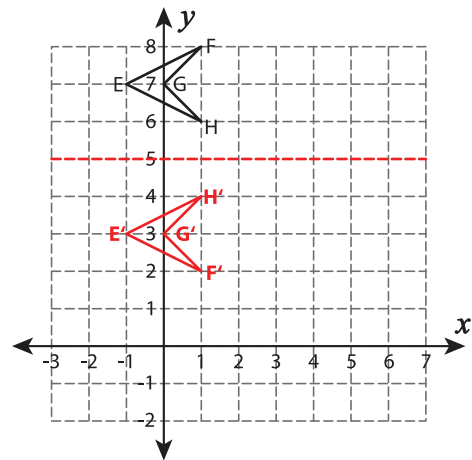

- 2) Reflection across the line $x = 1$

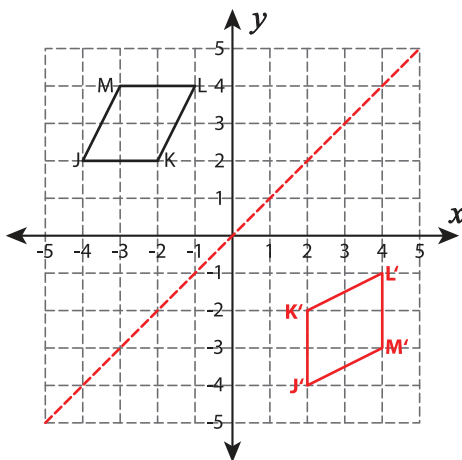

- 3) Reflection across the x-axis

- 4) Reflection across the line $y = 5$

- 5) Reflection across the line $y = x$

- 6) Reflection across the line $x = -5$
